MEDICAL INSTRUCTORS, EMS COORDINATORS, CLINICIANS

FROM: SPC'S PARAMEDIC INSTRUCTIONAL STAFF

SUBJECT: PARAMEDIC CASE STUDY PRESENTATIONS

DATE: 10/31/2008

PARAMEDIC CASE STUDY PRESENTATIONS

On Thursday December 03, 2008 at 0900 hrs SPC's Paramedic II class will be giving presentations on different case study research assignments. These case study presentations should prove to be very enlightening and challenging for all who attend. These students have worked very hard on these case studies and would like to invite all of you to share in their research. This also will give each of you a taste of what SPC Paramedic students have to offer. These case study presentations may also prove very beneficial for all current clinicians within your respective departments and or companies.

There will be approximately 8 case study presentations, each lasting approximately 15-20 minutes including a Q&A session after each one. Any feedback given to each group would also be greatly appreciated. The presentations will be in the auditorium at the Health Education Building in Pinellas Park. We look forward to seeing each of you and thank you for your time.
